WEIL-McLAIN Canada Sales Inc.- Terms and Conditions for Sale

Trade Prices – All prices and terms shown herein supersede all prior Trade Price Books List Price Sheets, Price Lists, Stocking Distributor Discount Schedules, and quotations and are subject to change or withdrawal without notice.

Orders are accepted only with the understanding that invoicing will be at the prices and discounts in effect at the time of shipment and are subject to the terms, conditions and provisions contained in this Trade Price Book, order status reports, invoices, sales department bulletins and quotation forms. Orders shall not result in a contract until accepted and acknowledged by Weil-McLain at our home office in Burlington, Ontario. Weil-McLain is not bound by any terms on Distributors' order forms that attempt to impose any conditions at variance with Weil-McLain's Terms and Conditions for Sale.

Our Trade Price Schedules are for use by Weil-McLain Distributors and their contractor-customers as a listing of current hydronic products with suggested trade prices. These prices, however, do not necessarily represent price levels in Distributors' local markets, nor do they limit in any way the Distributor's right to set their prices for resale.

Quotations – All written quotations automatically expire unless accepted within thirty (30) days of the date quoted, unless otherwise stipulated.

Submittals – Where submittal material is required for a specific installation we must receive a "hold for approval" purchase order at our home office in Burlington at the time of request for submittal. If a Weil-McLain quotation has been given, this quotation or quotation number must be a part of the purchase order. Release of such purchase order must be either by copy of the approved submittal, a copy of our submittal with noted changes, or release of the purchase order as written. We cannot accept orders that are marked "per specifications."

Payment and Cash Discount – Invoices will be Subject to one of the following:

1. Non – stocking distributors: net 30 days from date of invoice.
2. Stocking Distributors: 2% discount **Due the 10th day of the month following the date of invoice or**
3. Invoice will be due net **30 days** from the date of invoice.

The cash discount is to be computed on the total amount of the invoice before any additions or taxes are applied. The rate of interest of 2% per month will be charged on all past due accounts.

An order for items which total less than \$25.00 will be shown on the invoice at \$25.00 minimum.

Taxes – Any Sales Taxes payable on the transaction under any effective statute are to be added to the price and terms quoted.

Delivery – Weil-McLain shall not be liable for any delay or failure in delivery of shipment of products or for any damages suffered by reason of such delay or failure, when the delay or failure is directly or indirectly due to fire, flood, accidents, acts of God, riots, war, embargo, labor stoppages, inadequate transportation facilities, shortage of materials or supplies, regulation by Governmental authority or any other cause or causes beyond our reasonable control. Weil-McLain reserves the right to allocate available production among its customers in such manner as it in its sole discretion deems necessary or desirable.

No claims on goods received at variance from order or shortages in orders will be allowed unless presented within ten (10) days after receipt of goods.

The responsibility of Weil-McLain ceases upon delivery of materials in good order to the transportation company. As all merchandise is shipped at consignee's risk, it should be examined carefully before signing delivery receipts. If transportation company tenders delivery of merchandise in bad order, consignee should insist on transportation company's agent making notation of condition on delivery receipt, thus enabling the consignee to secure payment of transportation claims which may be filed by him for value of damaged material. No claims on goods received damaged will be allowed unless presented within ten (10) days after receipt of goods.

Transportation – Shipments of Weil-McLain products are f.o.b. Burlington, Ontario, Canada.

Freight allowance to one destination for Commercial cast iron products is 20,000 lbs. min or 20+ Residential Boilers.

Any additional service charges performed by carrier at destination that are not included in the road haul rate are the responsibility of the consignee.

Weil-McLain reserves the choice of transportation facilities and shipping point.

Freight allowances and freight program are subject to change without notice.

Labour or Material Claims – Weil-McLain will not be responsible for any labour or material claims without prior written approval from the Burlington, Ontario facility.

Returned Goods – Material not defective and of current standard manufacture must not be returned without first securing a Return Goods Assessment Form (RGA) and when returned it must be crated or cartoned for protection in transportation. It will be subject to a deduction of twenty (25) percent for rehandling and all transportation charges, including freight and cartage, will be paid by shipper. Credit will not be given for material received in damaged or used condition. Material made on special order or obsolete material is not subject to return. Material will be assessed by Weil-McLain and the assessed value issued via credit note.
